Everyone goes to the dental nurse to have their teeth checked.

Sometimes it is my  
turn to go.

My turn!

When it is my turn to go, I walk to the dental nurse's clinic.

I knock on the surgery door.

I wait quietly in the waiting room.

The dental nurse gets  
ready to check my  
teeth.

I sit in the chair and  
the dental nurse puts  
on her mask and gloves.

She checks my teeth  
to make sure they are  
okay.

When I am finished I  
walk back to class.

It's cool to visit the  
dental nurse!
